Release Notes

OS Build JH_U_000.00.198.00
For Archer 4 Rugged Handheld
Running Android™ 14 OS

These notes include important information for our Archer 4 customers regarding the most recent release of the Archer 4 Android 14 OS.

Documentation and software updates are located on the Juniper Systems website: *https://junipersys.com/support.*

OS Updates

- Added capability for Barcode Connect to automatically start when the device is booted up.

- The start screen now shows the battery charge before the device is initially set up.

Fixes

- Fixed an issue that caused the camera application to occasionally freeze or crash.

- Fixed an issue that caused the screen to repeatedly dim and brighten in hot conditions.

- Fixed multiple problems with the touchscreen including touch unavailable, touch only available on one side, and phantom touches.
